SOCIAL MEDIA POLICY

Purpose

Social media provides an opportunity for people to gather in online communities of shared interest and create, share or consume content. Hockey SA recognises the benefits of social media as an important tool to engage and inform members and enrich our sport.

Hockey SA welcomes constructive comments, ideas and insights from the hockey community. Members need to be mindful that inappropriate comments or posts on social media, albeit at times unintended or without a proper understanding, can cause others to take offence and is difficult to retract.

Hockey SA and its affiliated associations and clubs are respected organisations with long and rich histories. As contributors of content in an online environment, we all play an important role in promoting the sport of hockey in a favourable light.

When identifying Hockey SA members and affiliates (affiliated clubs/associations, staff, umpires, officials, coaches, managers, state teams, volunteers and any individual who is a member of Hockey SA) in any social media posts, individuals are expected to express themselves appropriately in ways that are respectful and serve in the best interest of the sport.

It is important that Hockey SA's reputation is not tarnished by anyone using social media tools inappropriately, particularly in relation to any contact that might reference the organisation or imply reference to the organisation.
